

September 14, 2022

Dear Owners,

The Boards of 22 Station Owners Association and Palisades Village Neighborhood Company are reviewing and considering a proposal to install and operate L2 electric vehicle charging stations in the Building 4 garage.

You are invited to attend and save the date for a virtual town hall meeting at 4pm PDT, October 13, 2022. The purpose of the town hall is to inform Owners of the proposal and to have Owners express their points of view to the Boards of 22 Station and PVNC and other Owners.

On October 9, 2022, the video conference details, the town hall agenda and format, and informational materials will be available at [www.22station.com/townhall](http://www.22station.com/townhall). At the same location, Owners can submit questions online. FAQ's will be updated as necessary to address the questions.

22 Station and PVNC are conducting a survey of Owners to understand the demand for L2 electric vehicle charging stations in the Building 4 garage. If you have an interest in having L2 electric vehicle charging stations in the Building 4 garage, you can take the survey at [www.22station.com/evchargingsurvey](http://www.22station.com/evchargingsurvey) or go to [www.22station.com](http://www.22station.com) and click on "Surveys" in the menu banner.

We look forward to seeing you at the town hall.

Sincerely,

22 Station Owners Association Board

Palisades Village Neighborhood Company Board
